2025 Ohne

WINEMAKER NOTES

We are excited to announce that we are releasing our first ever dealcoholized wine! Though it is dealcoholized, it is not completely alcohol free (0.5% ABV), but it offers a fabulous alternative if you're looking to consume less. Dealcoholized wines are one of the fastest growing products in the entire industry, and we're looking forward to bringing you a local option! Ohne translates to "without" in German which felt like the perfect name for this delicious wine. This particular vintage was made with Gewürztraminer, but is a less pronounced version of the typically floral varietal. Semi dry and carbonated, the bubbles add a fun effervescence! There are a ton of bright and tropical fruit notes including pineapple, mango and lychee. You'll detect a hint of floral and jasmine notes on the palate, which sing pefectly together with the tropical flavors. If you're looking to toast, celebrate, or just have a delicious glass of wine without the hangover, then Weis has you covered!

APPELLATION	Finger Lakes
VARIETAL	100% Gewürztraminer
AGING	Stainless Steel
ALC/VOL	0.5%
RESIDUAL SUGAR	35.4 g/L
UPC CODE	855052007596
